### Recording and recent sightings

Please use the form below to record any sightings you may have seen on the fen. There is the opportunity to upload a digital photograph, if you have one. Please click on the map to show the location of the sighting, and the grid reference will be automatically recorded. Once the sighting has been submitted, the information will be checked and will then be visible on the sightings page. Please allow up to one week for a sighting to be verified. Please note that by submitting this information you are agreeing to our GDPR policy.
